

The Town Child And The Country Child

INTRODUCTION

About the Poetess:

Irene Thompson was a famous poetess born in England in the 19th Century. She wrote especially for children. She always showed a remarkable preference for arts, but especially for poetic art. Her contribution towards English literature is remarkable.

Poems:

In the poems, *The Town Child And The Country Child*, we see the town child craves for a life of peace and tranquillity that can be found in the country life. Despite of having all the amenities, he wished to live in the country surrounded by woods.

Similarly, the country child despite of having a peaceful life full of silence and greenery, wishes to live in a town. He wished to see the trams moving around and the streets full of twinkling lights.
